INFERENCE:

1. Q1:25th Percentile (First Quartile)

- The 25th percentile scores of the students are 60.6% in secondary, 60.9% in higher secondary, 61% in degree, 60% in entrance exam, 57.9% in MBA, and Rs. 240,000 salary.
- These values show that **25% of the students** scored below these respective academic percentages and 25% of the students received a salary lesser than or equal to Rs. 240,000.

2. Q2:50th Percentile (Median)

- The 50th percentile scores are 67% in secondary, 65% in higher secondary, 66% in degree, 71% in entrance exam, 62% in MBA, and Rs. 265,000 salary.
- These values exactly match the median, showing that **half the students (50%)** performed above this mark and half performed below it, with half the class earning more than Rs. 265,000 and half earning less.

3. Q3:75th Percentile (Third Quartile)

- The 75th percentile scores of the students are 75.7% in secondary, 73% in higher secondary, 72% in degree, 83.5% in entrance exam, 66.25% in MBA, and Rs. 300,000 salary.
- These values indicate that **75% of the students** scored below these academic marks, and 75% of the students earned a salary of Rs. 300,000 or less.

4. 99th Percentile

- The 99th percentile scores are 87% in secondary, 91.86% in higher secondary, 83.86% in degree, 97% in entrance exam, and 76.11% in MBA.
- This shows that **99% of the students** scored below these academic marks.

5. Q4: 100th Percentile (Maximum)

- The 100th percentile scores represent the maximum values in the dataset, which are 89.4% in secondary, 97.7% in higher secondary, 91% in degree, 98% in entrance exam, 77.89% in MBA, and a maximum salary of Rs. 940,000.
- This shows that **100% of the students** scored less than or equal to these values, establishing the highest academic performances and the highest salary package.
